# SOUTH VALLEY

Enjoy a lesser-traveled route that holds archaeological, colonial, and natural treasures. Live an experience that blends history, living culture, and unforgettable Andean landscapes.

## ITINERARY

Our adventure to the South Valley of Cusco begins with pickup from your hotel to start a journey along one of the valley's most authentic and peaceful routes. The first stop will be Tipón, an impressive Inca archaeological complex known for its agricultural terraces and its sophisticated water-channel system that still functions today, a true masterpiece of hydraulic engineering. We will continue to Pikillaqta, a pre-Inca city belonging to the Wari culture, where you can admire its urban planning and the remains of ancient constructions surrounded by beautiful landscapes. Then we will visit Andahuaylillas, a charming colonial town that is home to the Church of San Pedro Apóstol, known as the 'Sistine Chapel of the Americas' for its rich murals, carvings, and gold-leaf decorations. Finally, we will return to your hotel in Cusco after enjoying an enriching experience filled with history, art, and the living traditions of the southern Andes.
